This Newsletter records the Society's activities over the past 2 years. Several developments in Murshidabad district are included for information. It contains a recipe for a favourite Sheherwali dish. The first 10 respondents to rightly guess the name of the dish will be eligible for prizes.

Sponsored by the Society, a Vocational Training Center (VTC) has been set up in Jiaganj. Six youngsters, trained in the VTC as Electricians, have found employment. It is hoped that many more VTC will help make the youth employable.

"Live for Greatness" is our vision. The spirit of adventure, the risk-bearing ability, the romantic ambitions and the glorious aspirations - all these are our inheritance over centuries.

Some of that heritage can still be seen in the magnificent mansions and charming temples, in the philanthropic hospitals and educational institutions of Murshidabad, in the culinary delights and distinctive attire, in the business acumen and ethical dealings of the Sheherwali community.

But some of that heritage has withered over time and a few others bear a forlorn look. The once fiery passion is now a flame. One wonders about the disappearance of a large selection of mangoes, about the neglect of world-famous Murshidabad silks. Where are the modern day visionaries like Dhanpat Singh, Bijoy Singh, Bidhan Chandra? When will we celebrate the great Indian Heroes?

As the Custodians and Keepers of the Flame, come and join hands to march "Back to Greatness" for a fabulous future.

**Chief Mentor: Rashtra Sant H.H. Acharya Padmasagarsuri Swarji Maharaj**

## Preservation Heroes:

### Bari Kothi in Azimganj

The Society inspired some stake-holders to restore the heritage of palatial structures.

'Bari Kothi', inspired by Greek and Roman architecture and built in the 17 century was one of the most handsome palatial buildings in Azimganj. It housed, amongst others, a beautiful Sheesh Mahal and a drawing room with exquisite hand-painted artwork on its tiled walls. It was the residence of Rai Bahadur Budh Sing Dudhoria and his descendants. In a recent development, scion of this family, Pradip Kumar Sing and brother Sudip Kumar Sing Dudhoria acquired the heritage portion of 'Bari Kothi' from their Uncle.

As part of their enthusiasm and commitment towards restoring and preserving heritage, they intend to restore it to its former glory. They believe that it a responsibility of each and every family that has interest in such heritage structures, to preserve their legacy for future generations.

### Bhairavji Mandir In Azimganj

A small temple of Bhairavji beside the train tracks in Azimganj used to command a big following. However, with people migrating from Azimganj it lay in a state of neglect and disrepair. Recently some members of the Kothari family including Pradip Kothari, now settled in Hyderabad, got together to restore the temple and beautified it. It has now restarted attracting a big following. The Kothari family and all those involved in this restoration need to be commended for this.

### Sambhavnath Mandir In Azimganj

The temple of Lord Sambhavnath, with its huge 'Pratima', next to the train tracks in Azimganj has been repaired and newer facilities for pilgrims have been provided. The temple will look anew as soon as the painting of the temple will be completed. The Trustees of this temple need to be commended.
